BRITISH PLANT FOR THE MAKING OF SUGAR

Dr. Schuchter, a well-known expert, will leave here next Saturday for Pemberton Meadows to report on the possibilities for the growth of sugar beets. He has in view the establishment of a plant for the manufacture of beet sugar. He has single financial backing and if the conditions are favorable, proposes leaving a valley which has an area of over fifty thousand acres. The expert is confident that his expectations respecting sugar beet growing will be realized. He has also been advised that the climatic conditions are equally favorable in the Shuswap Valley adjacent to Newpet. He will accompany Mr. F. W. Stuart of the Howe Sound & Northern Lead Company which owns a large area in Pemberton Meadows. Mr. Stuart is bringing a party of settlers who purchase distances there last fall. The trail from Newpet is open and to excellent condition according to Mr. James Pugh a pioneer rancher of the valley who came to town yesterday. Mr. Pugh stated that the season there is farther advanced than in Vancouver, the temperature several days before the first regular night-frost. The prospects were easy going and getting in their crops. Several farmers from the province have been already reached the valley and taken up their purchased holdings. They came in by the railroad track. Mr. Pugh added that the track soon promises to be

THE WOMAN'S AUXILIARY.

The Ladies of the Women's Auxiliary had their afternoon tea and house cooking sale last Saturday, this being the second of the kind and was largely patronized by the residents of Abbotsford and surrounding districts. The room was most luxuriously decorated and the home cooking booth laden with all kinds of tempting dainties in addition to their first feature at a six o'clock a noon carefully prepared supper was served with a first hand partook and greatly appreciated.

A hearty vote of thanks was passed to Mr. and Mrs. W. Campbell for their kindness in lending the store for this purpose; also to the many ladies and gentlemen for their kind gifts and patronage, helping largely in the success of this work of the W. A.

Abundant the season. Three hundred survey parties are now in the valley soil-fruited large tracts into fruit orchards—Saturday's Program.

THE MARKET.

New Westminster, May 26.—On account of the May Day celebration in the afternoon the sheep were early on hand at the market in the morning. The offerings on the market in general were not out of the ordinary and perhaps the feature of the day was the sale of the auction ring, was the plenty of fresh vegetables. There were plenty of cooling potatoes on hand and need potatoes were

Will Probably Die

At four o'clock this morning a most deadly one of the parishes of the present state of Whistler, B.C. was taken into the street, and found a man in the street. A woman named in which she was taken was that through the stomach and will probably die. The police force of the valley are now out on the hunt.

PREVENTED AN ACCIDENT.

On Sunday morning the agent for the Gladby Road, Mr. Clark prevented what might have been a very serious accident by his presence of mind and grit. It appears that a man, perhaps rather the worse for liquor, wanted to ride his bicycle down the road. He made a grab and caught on by his hands and would surely have fallen between the wheels had not Mr. Clark been on the spot and caught hold of the man and preventing him from the case held him until the train passed.

THE MARKET.

(Continued from Page One.) Very plentiful, at normal prices. There were no turnips, carrots or radishes in evidence and lettuce very scarce.

No celery was shown and rhubarb was not quoted at retail, although there were a few seeds of it on sale at wholesale, which averaged four cents a pound.

The price of eggs at wholesale showed a slight increase, which was reflected in the retail market. Prices in latter declined a little but the quality was good.

The poultry market this week did not amount to a great deal. The offerings were not large and the prices generally tended to rule a little lower than those of last week. The chief buyers were the Chinese merchants of Vancouver.
